

Hazelfield Farm pork is now available!

The hogs we raised this summer have been harvested and the meat is available to purchase by the cut. Our hogs are a mixture of heritage breeds...Hampshire, Berkshire and Duroc.

Raised sustainably, they were fed a diet of high quality Non-GMO feed and our farm vegetables. They live outdoors with plenty of fresh air and places to root around.

All meat is USDA certified, processed, and cut into vacuum sealed packaging.
